Autumn River
a Photographic study of the
Autumn Season

A COLLECTION OF IMPRESSIONISTIC PORTRAITS AND STILL LIFE
COMPOSITIONS

A PHOTOGRAPHIC VIEW
INTO THE
HEART OF AUTUMN

Autumn River

Every Color of the summer season
is mirrored in the
heart of the Autumn leaf,
Crimson sunrises, fiery sunsets
Pastel pink blossoms, flaming red roses
Autumn burst forth
out of summer
with incendiary hues of color,
blazing in the crowns of trees.
With the brush of wild winds
the great fall begins
cascading rivers of Autumn Leaves.

Autumn Leaves
raining from the trees,
from everywhere
the whirling colors settle,
in the garden, in the fields,
on the surface of ponds.

The Autumn leaves
sail down stream
drift into currents
flow over waterfalls.
The Autumn forest foliage
floods into a
Great Autumn River.
